

Can you hear us from the screen? THE YOUTH FOR A SAFE INTERNET SPACE!

THE INTERNET HAS BROUGHT BENEFITS TO YOUTH AND SOCIETY

Access to formal education, particularly during the Covid-19 pandemic.

Participation in non-formal education and an opportunity for lifelong learning, including through courses from renowned universities and professional courses.

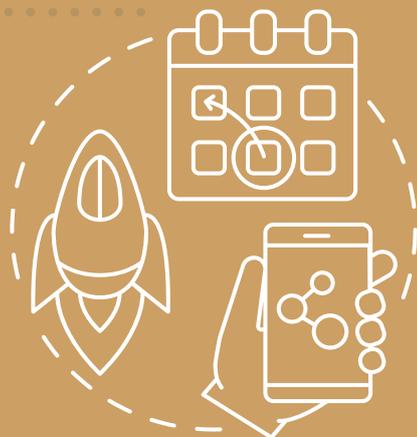

Free and fast access to news and videos - Information pieces on current events and problems in the world are available and easily accessible.

Eased communication with family and friends, and people from around the world.

Business opportunities - Better marketing opportunities small and medium-sized enterprises (SMEs) and eased job hunt for young people.

Young people can be creative connect with peers, likeminded individuals and create communities where they can be creative and practice free speech.

These conclusions and recommendations are based on the findings from the youth consultation event designed to understand the youth personal experiences on the internet, both positive or negative, and their opinions on what policy actions and which stakeholders should be implementing these actions to improve the users experience.

The youth consultation events are part of the project "Make Future Together: EU and the Western Balkans from the Youth Perspective", financed by the European Agency for Cultural, Educational and Audio-Visual Policies through its Europe for Citizens programme.
