

SUMMARY OF THE PROJECT:

ACTED ACTIVE CITIZENSHIP ACTION FOR ENSURED DEMOCRACY

The project **Active citizenship action for ensured democracy** aims to further foster citizens' participation in developing and advancing the country's democratic and reform processes. The project is foreseen as a follow up of the ongoing NED project of EPI in partnership with Stanford University called "ACT – Active Citizenship Action. The activities and the goals are set to enable the citizens' inclusive participation through the envisaged **Policy Dialogue** events that open the opportunity for the citizens to discuss their views, thoughts and proposals the direction that the country should take for advancing the current situation.

OVERALL OBJECTIVE:

Strengthening and advancing the national reform processes through active citizen participation.

SPECIFIC OBJECTIVES:

- ✓ Increasing the citizens' participation in contributing to the national reform policies;
- ✓ Providing structured input on the advancement of the national reform processes through participative approach involving the general public, representatives of national institutions, CSOs, media, political parties;
- ✓ Raising awareness of the citizens, experts, politicians, for the identified national priorities by the citizens on the state of implementation of the priorities, expectations of the citizens and the direction of democracy of the country.

TARGET GROUP:

All citizens from Macedonia

RESULTS:

- ✓ 2 Policy Dialogue events;
- ✓ Prepared a Policy Brief document.

IMPLEMENTATION:

October 1, 2019 – September 30, 2020
